- **UI/UX & Design:** *Responsive Design, WCAG 2.1 Accessibility, Figma, Adobe XD, Sketch*
- **Testing & CI/CD:** *Unit Testing, Selenium UI Automation, Test-Driven Development (TDD), Jenkins pipelines*
- **Version Control:** *Git, GitHub, Azure DevOps*
- **Project Methodologies:** *Agile, Scrum, Waterfall*
- **Testing & APIs:** *Postman, RESTful API Integration*
- **Project Management:** *Agile, Scrum, Waterfall methodologies*
- **Tools:** *Visual Studio, VS-Code, Figma, SQL Server Management Studio, Oracle, and MS-Office (Word, Excel, Power-point, Outlook) and ServiceNow*

PROFESSIONAL EXPERIENCE

Cambrian R&D. Sudbury, ON, CA. **UX/UI Designer & Front-end Developer** *Present*

- Designed and implemented UI components aligned with user experience best practices using Figma and React.
- Partnered with designers and stakeholders to translate wireframes into intuitive front-end experiences.
- Led usability reviews and conducted feedback loops to refine product designs.
- Managed documentation of UI/UX decisions, improving design transparency and cross-team understanding.
- Contributed to product planning meetings and helped present design concepts to executives and clients.

Pixentia Solutions India Pvt. Ltd. Hyderabad, India. **Software Design Engineer-1** *2021 – 2023*

- Led a team of developers, provided guidance on project development, improved team efficiency, and ensuring successful project delivery.
- Collaborated with teams and customers to gather and discuss the requirements and technical specifications and addressing the customers inquiries and resolving the issues efficiently.
- Collaborated with designers to create interactive web pages from wireframes and mock-ups.

- Converted the design specifications into the code and well-maintained documentation of implementation.
- Experience with React for building reusable components and Redux for state management.
- Integrated React components with back-end services, ensuring smooth data flow and an optimal user experience.
- Writing JavaScript to interact with RESTful APIs, sending and handling JSON data and Familiarity with Node.js for server-side development.
- Writing automated UI tests with tools like Selenium to ensure cross-browser compatibility and functionality.
- Worked within agile development processes, participating in sprint planning, daily standups, and retrospectives.
- Participation in agile sprints, writing clean, maintainable code with unit tests, and performing code reviews for quality assurance.

SLK Software Pvt. Ltd. Bengaluru, India.

Software Trainee

2020 – 2021

- Provided L1/L2 application support.
- Familiar with ServiceNow ticketing tool to handle and maintain the tickets.
- Interacting directly with the customers to understand the production issues and their requirements.
- Maintaining the records of the customer requests and resolutions.
- Analyzing and investigating the application logs to identify the root cause of the problem.
- Providing status reports to the leads as per defined timelines.

EDUCATION

Cambrian College, Sudbury, ON, CA.

2024 – 2025

Mobile Application Development Program.

Conestoga College, Kitchener, ON, CA.

2024 – 2024

Big Data Solution Architecture.

Ballari Institute of Technology and Management (VTU), Ballari, India

2016 – 2020

Bachelor of Engineering in Computer Science & Engineering.

VOLUNTEER EXPERIENCE

Cambrian College, Sudbury, ON, CA.

Volunteered in Varsity Brand Launch, Open House and International Student Orientation events.
